

Caboche, sospensione

by Patricia Urquiola , Eliana Gerotto

FOSCARINI

DESCRIPTION

Resulting from the desire to create a precious and charming lamp like a pearl bracelet, accommodated with a focus on light weight and transparency thanks to the use of PMMA, Caboche established itself from the onset as one of Foscarini's best-selling products, and it has become a genuine icon in the world of lighting and design. Rich, bright and sophisticated, Caboche is a mosaic of refractions, a perfect fusion of different personalities in the one form, coming together to create the body and light effect of the lamp. When it is turned on, the light diffuses from inside the spheres like lots of bright crystals, providing 360° lighting of the surrounding environment and guaranteeing direct lighting on the underlying surface and reflection on the ceiling. This lighting emotion is also vouched by Led versions – affording high energy efficiency levels and durability - completely re-engineered in terms of lighting technology especially to ensure the same intensity, diffusion and temperature as the light produced by the original version. Caboche suspension lamp is a jewel of creativity and technology, available in three sizes and two versions: transparent and yellow gold. The lamp is the perfect protagonist for homes or public areas, uniting visual impact with lightness, decorative value and functionality.

MATERIALS

Polymethylmethacrylate, blown glass, chromed metal and aluminium (LED version)

Designer

FOSCARINI

PATRICIA URQUIOLA

An internationally renowned architect and designer, Patricia Urquiola has received multiple major acknowledgements such as the “Designer of the Decade” title from the Home and Häuser magazines, and “Designer of the Year” from Wallpaper, Ad Spain, Elle Decor International and Architektur und Wohnen Magazine.

Some of her projects are exhibited in several museums and collections. Together with Eliana Gerotto, industrial designer, curator of outfits and interior decorator, she has designed Caboche, a precious, luminous emotion that stems from a combination of technology and creativity.
